- Radical economic reform: objectives, stages, attempts to implement, the reasons for the collapse.

Practical (seminar classes) are detailed lectures of theoretical material, are held in order to consolidate the course and cover the main sections.

The main form of seminars and practical sessions is to discuss the most problematic and complex issues on individual topics, as well as solving problems and analyzing examples and situations in the classroom. The duties of the teacher include: providing methodological assistance and advising students on relevant topics of the course.

Activity in practical classes is evaluated according to the following criteria:

- answers to questions offered by the teacher;
- participation in discussions;
- execution of project and other tasks;
- assisting the teacher in conducting classes.

Reports and opposition of reports check the degree of knowledge of theoretical material, as well as the correctness and rigor of reasoning.

### ***7. LABORATORY WORK (LABORATORY WORKSHOP)***

This type of work is not provided in EP.

### ***8. SUGGESTED TOPICS FOR TERM PAPERS, TESTS, LIBRARY-RESEARCH.***

This type of work is not provided in the EP.
